Allied Headquarters in Australia, May 18 (AP)—The Australian hospital ship Centaur, brilliantly lighted and unmistakably marked, was torpedoed and sunk in flames by a Japanese submarine off the coast of Australia last Friday with a loss of 299 lives.

No warning whatever was given. The ship capsized and sank within three minutes.

64 ARE SAVED

Sixty-four of the 363 aboard, including only one of 12 women nurses, were saved. Forty-three of the crew of 73 and 245 Australian and British medical staff men went down, most of them trapped on a lower deck of the blazing ship.

There were no Americans aboard. The ship, enroute from Sydney to New Guinea, carried no patients.

Survivors, crowded on made-shift rafts in waters swarming with sharks, were picked up 36 hours after the Centaur went down.

General Douglas MacArthur expressed deep revulsion at the "limitless savagery" of the sinking. MARKED, LIGHTED

"The vessel was traveling unescorted and was fully illuminated and marked with the Red Cross and complying with all provisions of international law governing hospital ships in time of war," the announcement from his headquarters said. "The weather was clear and visibility was excellent."

The torpedo hit at 4:10 a. m. while the ship was 40 miles off Brisbane and most of those aboard were asleep below decks.

Sister Eleanor Savage of Sydney was the one woman survivor. She said she and her cabinmate were awakened by a terrific explosion. Donning lifejackets over their pajamas, they leaped from the ship together. The other woman struck floating wreckage and was killed. SCREAM FOR HELP

"The sea was covered with oil which fortunately did not catch fire," Sister Savage said. "I am a good swimmer and got to the raft. One of the men gave me his overcoat which I shared with a 16-year-old cabin boy."

Frank Davidson, ship's butcher from Sydney, said he saw a great mass of men struggling futilely to force their way up from a lower deck through the debris-blocked hatches. He could hear them screaming for help as he jumped from the ship.

Before leaving the Centaur Davidson helped one nurse don her life-jacket. He never saw her again. SEA OF SHARKS

"The next afternoon we heard an airplane and sent up rockets," he said. "It flew over us and within ten minutes an Al-bied ship picked us all up."

Sharks cruised about the rafts all the time and the men repeatedly drove them away with their oars.

SCRAP DRIVE TO BE STAGED HERE ON WEDNESDAY

Final plans were being completed today for the salvage drive to be conducted by the Gettysburg Salvage Committee Wednesday evening starting at 6 o'clock.

Vernon Corle, vice chairman of the salvage committee in charge of transportation had secured sufficient firemen to man the trucks scheduled to travel through all of the streets of town to pick up salvage materials placed on the sidewalks. He is attempting to secure a few more trucks to add to those already loaned for the drive by the fire company and a number of local merchants.

Members of the salvage committee hope to obtain enough tin cans in Wednesday's drive to complete the carload necessary before the cans can be shipped to a processing center, it has been announced by Dr. J. Walter Coleman, chairman of the committee. Besides tin cans the group is also seeking all other types of scrap including iron, steel, other metals, brass and rags.

Only Usable Cans

Residents have been asked to have their collection of scrap materials placed on the sidewalks in front of their homes prior to 6 o'clock Wednesday evening so that the firemen will be able to make the collection in one evening.

It was emphasized that the tin cans must be in proper condition to be acceptable for scrap uses. They must have the labels removed and must be flattened. Oil or grease cans are not usable.

SELLS POULTRY FARM

Mrs. Nedah V. Hartlaub sold her 14-acre poultry farm along the Taneytown road about three and a half miles from Gettysburg, to Wallace J. and Mary Elizabeth Bell, Barberville, Florida. Immediate possession will be given. C. A. Heiges made the sale.

"GUS" TAWNEY IS DISCHARGED BY COMMITTEE

J. A. "Gus" Tawney, 87-year-old borough street commissioner for 19 years, who was discharged last Saturday by action of the borough highway committee, remained off duty today after a special meeting of the committee Monday evening failed to bring a "reconsideration" of the group's action.

H. M. Oylor, president of council, said today that he asked the committee to reconsider its action. He stated that the group not only declined to do that but one member threatened his resignation from council if Mr. Tawney is reinstated. Mr. Oylor did not identify that councilman.

Notified by Letter

Members of the highway committee are: Joseph D. Kendlehart, chairman; Charles W. Sterner, Jr., and L. D. Shealer. Mr. Tawney said today that he was "fired" on the vote of two members of the group.

Following receipt of the following letter on Saturday Mr. Tawney did not work on Monday:

"The Highway committee of the borough council of the borough of Gettysburg has directed me to notify you that acting in pursuance of authority granted it by the council, it requests your resignation as street commissioner to take effect this date (May 15).

"I am directed also to ask you to turn over all keys to borough property to me or Mr. John H. Baschore, treasurer.

"The committee has relieved you of all duties in connection with borough work as of today.

"Very truly yours, Borough of Gettysburg, Wilmer Dracha, Secy."

Refuses to Resign

Mr. Tawney said today he has not submitted his resignation and does not intend to. Although the letter from Mr. Dracha did not state a reason for his discharge, Mr. Tawney said he had heard unofficially it was because he "didn't do what he was told."

Friction between Tawney and Guy Bolen, borough truck and roller driver, was indicated to council at its May meeting when the borough fathers were told that Bolen had threatened to quit if Mr. Tawney continued as his boss.

At that time the council left the matter in the hands of the highway committee in the hope that a "compromise" could be worked out.

Mr. Tawney said today that Bolen is working in his (Tawney's) place. He also said that he believes it should be "up to council to fire me, instead of two members of the highway committee." Although he indicated he is not ready to let the matter drop, he said he was not ready now to say what steps he expects to take.

Served in Council

The veteran borough employee said he did not formally turn his keys over to anyone. He unlocked the doors at the borough building on Race Horse alley, Monday morning, and—leaving the keys in the door by mistake while he went uptown to talk to a councilman—found them gone upon his return.

Mr. Tawney has been employed in the town's highway department for more than 19 years. Prior to that time he served about 15 years as a member of council.

President Oylor said this afternoon no plans have been made for a special meeting of council on the matter.

Earl W. Guise Out For Sheriff Again

Earl W. Guise, Straban township farmer who was the Democratic nominee for sheriff four years ago and missed election by 62 votes, announced today that he will be a candidate again this year for the same office.

Mr. Guise is the first member of his party to announce for the post. He never held a county office but has served on the Straban township school board for a number of years and is now its president.

Grandson Figures In Tunisian Drive

Lt. Gilbert Freeman, son of Mr. and Mrs. F. E. Freeman, Sacramento, California, and a grandson of Mr. and Mrs. Warren Gilbert, Baltimore street, participated in the Tunisian campaign in North Africa.

FIRE DRILL TONIGHT

Fire Chief James A. Aumen asked today that members of the local fire company report at the engine house, East Middle street, at 6:30 o'clock this evening for the weekly fire drill.

Sergeant Henry B. Pecher Is Prisoner Of Japs; Reported "Missing" August 27, 1942

Sergeant Henry B. Pecher, 23-year-old son of Mr. and Mrs. J. Harry Pecher, Liberty township, Fairfield R. 2, is a prisoner of the Japs, his parents were informed this morning by the War department.

Sergeant Pecher is the first Adams county to be taken prisoner by the Japanese. He had been reported "missing in action" in the Pacific on August 27, 1942. At that time his parents were informed by the War department that their son was "missing" but did not reveal any additional information.

This morning's telegram revealed that Sergeant Pecher is in the hands of the Japanese but it failed to contain any information as to his whereabouts. Some time elapses before definite information as to the prison camp in which he is confined is revealed.

Was in Java

In other instances the International Red Cross contacts American prisoners of war and then imparts whatever information it can gather to the parents.

Sergeant Pecher enlisted in the Army June 1, 1939, at Baltimore. On April 10, 1942, a letter was received from the soldier, the last his parents have had. It was so heavily censored that there was little or no information in it. He did tell his parents that he had suffered "some misfortune."

In February of the same year Sergeant Pecher was reported to have been in Java.

Sergeant Pecher had been a member of the 72nd Bombardment Squadron, Army Air Corps.

CAPT. COSHEY PRAISES TOWN IN ROTARY TALK

High tribute was paid to the people of Gettysburg Monday evening "for their excellent cooperation and many kindnesses" to the officers and men of the 55th College Training Detachment of the U. S. Air Corps at Gettysburg college.

Captain John R. Coshey, commandant of the 55th Training Detachment, voiced the tribute at the regular meeting of Rotary held at the YWCA. He was principal speaker at the dinner.

Every one of the men stationed here "likes the town," Captain Coshey declared. He said that "excellent meals, excellent treatment and cooperation from everyone" are enjoyed by the Air Corps students when they come here.

All Potential Pilots

During his talk the captain outlined the training program of the youths in the 55th Training Detachment. They start as rookies at a basic training camp. After receiving that training they come here for courses of military training, physical training and academic studies. During their course here they also receive 10 hours of flight instruction.

After leaving here the men are sent to a classification center from which they will be shipped to train as bombardiers, navigators, pilots, gunners or other aeronautical specialists. When they come to Gettysburg they are all potential pilots, Captain Coshey said. The training here and the classification they receive helps determine just what type of work they are best suited for.

President Paul Kinsey presided at the meeting with about 30 present.

CHARLES IRWIN DIES MONDAY

Charles G. Irwin, 61, died at the home of his brother, J. Logan Irwin, Emmitsburg road, Monday afternoon, at 5:15 o'clock from paralysis. He had been ill a year and was bedfast since last December.

The deceased was born in Highland township, a son of the late George W. and Amanda (Appleman) Irwin. He resided in the county all of his life and practiced farming. Mr. Irwin was a member of the Lower Marsh Creek Presbyterian church.

In addition to his brother he is survived by two sisters, Mrs. Ida Hunter, Seattle, Washington, and Miss Hattie Irwin, at home.

Funeral services from the Bender funeral home Friday afternoon at 2 o'clock conducted by the Rev. Harry Ecker. Interment in Evergreen cemetery. Friends may call at the funeral home Thursday evening after 7 o'clock.

Visiting Mother After Global Trip

Cloyd Taughinbaugh, New Oxford, arrived Sunday to visit his mother, Mrs. Roy Taughinbaugh, after having completed a 40,000-mile round-the-world ocean trip which required seven months.

Taughinbaugh, who has resided in San Francisco, California, for a number of years, shipped last fall as a junior engineer on one of the Victory ships. His trip carried him through a great portion of the war zones and sub-infested areas.

Enroute home his ship picked up survivors of a torpedoed ship who had been on a raft for 42 days.

Nurse's Aide Class Will Open On Monday

The next nurse's aides' class will open next Monday evening at 7 o'clock in the board room at the nurses' home of the Warner hospital. Mrs. Henry M. Scharf, chairman of the committee, announced today.

Mrs. Sydney J. Poppay will instruct the class.

Any others, not already enrolled in the class, and who are willing to contribute part of their leisure time to this work are asked to communicate with Mrs. Scharf at the Hotel Gettysburg.

ADAMS APPLE CASE SETTLED IN COURT HERE

A settlement was announced Monday afternoon in the county court in the matter of the dissolution of the Adams Apple Products corporation of Aspers.

Franklin R. Bigham, Esq., is attorney for the respondents and Eugene V. Bullett, Esq., attorney for the petitioner in the case in which Eugene G. Grab, one of the directors in the concern sought its dissolution because of alleged irregularities on the part of David I. Mann and his son, Emanuel L. Mann, both of Philadelphia, the other two directors of the concern.

At a hearing Monday the two attorneys announced the agreement and requested that the hearing be continued to enable them to complete the terms of the settlement. The court set June 14 as the time for the case to be heard again.

A surety of the peace charge brought against Earl Sigler, Gettysburg, by his wife, was dismissed by the court and the two were told to divide the costs between them and pay the costs within a week.

Two Processes Issued

A desertion and non-support charge against Edgar F. Shepard, Biglerville R. 2, was continued until June 14.

The failure of Fred H. Shull, York R. 5, to appear on an improper pass charge caused forfeiture of his bond and the issuance of a process for his arrest.

A process was also issued for the arrest of Harold Mauss, York, who had been ordered to show cause why he was not keeping up payments he had previously been ordered to make to his wife in a desertion and non-support case. Mauss failed to appear at court.

Maurice King, Latimore township, was ordered to pay \$20 each month for the support of his wife and four children following a hearing in a desertion and non-support case. He was also told to enter into a \$500 bond on his own recognizance and pay the costs of the case within a week. His wife is to have the crops from their farm, pay the taxes and keep up an insurance policy, the court directed.

County Asked For 5,500 Lbs. Of Fat Monthly By State

Harrisburg, May 18 (AP)—A 1,500,000-pound monthly quota of waste kitchen fats for manufacture of explosives was set for Pennsylvania today by the State Defense Council's salvage committee.

Urging every housewife to save a tablespoonful of waste fat a day, Salvage Chairman Warren R. Roberts pointed out meat dealers will pay four cents a pound for all fat delivered.

He listed pound quotas by counties including the following: Adams, 5,500; Bedford, 5,500; Cumberland, 12,000; Dauphin, 25,000; Franklin, 10,000; Fulton, 15,000; Huntingdon, 6,000; Lancaster, 30,000; Perry, 3,200, and York, 25,000.

RATION BOARDS' CHIEFS TO MEET

An important meeting of all county and local chairmen of War Price and Rationing Boards in the Harrisburg 10-county OPA District will be held in the Dauphin County Courthouse in Harrisburg Wednesday evening at 8 o'clock.

In addition to the chairmen, all chief clerks of Rationing boards, all members of mileage panels and all interested board members have been urged to attend.

The subject of the meeting will be the acute gasoline shortage, the need for strict rationing, and other problems pertinent to mileage rationing, tires, automobiles, and bicycles rationing.

Members of the local boards will attend.

Yanks Effect Two Landings On Attu Island; Meet Strong Machine Gun Resistance

Washington, May 18 (AP)—American forces have captured a ridge which apparently is the main Japanese defense position on Attu Island, Secretary of the Navy Knox announced today.

United States troops advancing north and south across the eastern neck of the island, Knox said, have been brought very close together by this victory if they have not actually joined.

The operation against the ridge apparently climaxes the first phase of the campaign for this island in the Aleutians and Knox reported to a press conference that despite stubborn resistance so far "our casualties are much lighter than had been expected."

By JOHN M. HIGHTOWER

Washington, May 18 (AP)—"Stubborn enemy resistance from numerous machine gun nests" is meeting American troops fighting the Japanese on Attu island, the Navy announced today. But officials added that the outlook is still good.

Issuing its first communique containing any details on the campaign to drive the enemy from the western Aleutian islands, starting with Attu, the Navy also disclosed that the original landings a week ago were at two opposing points at the eastern end of the island and that American forces apparently are attempting to close the gap with their moves inland.

The Navy communique said: "North Pacific: Land At 2 Points

"1. The military situation now permits the announcement of some of the details of the landing of United States forces on Attu island on May 11th.

"2. The occupation began with scouting parties landing at Blind Cove, Holtz Bay, located at the northeastern end of Attu. Main landings of United States troops were effected at two points: (1) in the Holtz Bay area, and (2) at Massacre Bay, located at the southeastern end of Attu.

"3. The landings were made under the cover of United States naval surface forces, which bombarded enemy installations in both areas, and United States Army planes, which attacked enemy positions in the vicinity of Chicagof Harbor.

Troops Advancing Inland

"4. Both groups of United States troops advanced inland, encountering stubborn enemy resistance from numerous machine gun nests. Japanese forces on the island have entrenched themselves along the rocky ridge.

"5. In spite of unfavorable weather conditions, United States Army planes have carried out several bombing and strafing attacks since the initial landings were made. Our troops have established their positions on the island and operations against the enemy are continuing."

Prior to today the Navy had announced only that the enemy-held island had been invaded by American troops determined to restore it to American control, and, yesterday, that operations against the Japanese on Attu were continuing.

PRICE PANELS NAMED TO ACT ON COMPLAINTS

Price panels, to act as clearing houses for problems arising because of the new OPA regulations calling for the posting of prices in dollars and cents on every article of merchandise have been appointed for the two county War Price and Rationing boards, it was announced today.

George N. Coshun, Gettysburg; A. J. Carbaugh, Arendtsville; Miss Alice Black, Florida Dale; Mrs. Hope Morgan, Cashtown, and Mrs. Ralph Z. Oylor, consumers' representative on the board as a member ex-officio, have been selected for the Gettysburg board.

Those named to the New Oxford board include Mrs. Eileen Byers Anderson, Littlestown; Robert P. Smith, McSherrystown; the Rev. Richard Shaffer, East Berlin; G. Edward Taughinbaugh, Hunters-town, and H. B. Flaherty, consumers' representative for the New Oxford board as a member ex-officio.

Announcement of the appointments was made by Judge W. C. Sheely, as chairman of the county Council of Defense and Donald P. McPherson, Jr., Esq., chairman of the county rationing board.

Fill Board Vacancy Under the proposed set-up for the new panel all outstanding complaints regarding price markings will be handled by the panels. If (Please Turn to Page 2)

G. Kenneth Newbould With Reading Eagle

G. Kenneth Newbould, former member of the editorial staff of The Gettysburg Times has accepted a position on the editorial staff of the Reading Eagle, it was announced Monday night at the regular meeting of Rotary.

Mr. Newbould for three months was a member of The Associated Press staff at New York city, where he was employed at the cable desk.

Mrs. Robert P. Snyder, Buford avenue, entertained the bridge club to which she belongs at her home Monday evening.

ALEUTIANS ARE POSSIBLE BASE FOR U.S. MOVES

BY DEWITT MACKENZIE

The prediction by Army officers in Washington that Japanese-held Kiska island is likely to be the next objective of our forces in the Aleutians—after they've mopped up the nasty little piece of business called Attu—has brought a request that I deal again with this obscure sector of our global war.

Because they're an out-of-the-way spot up on one shoulder of the world, the Aleutians seem a long way off. That's especially true when Europe is drawing us with such spectacles as the catastrophic unleashing of the floods by the Royal Air Force's blasting of the Mohne and Eder dams east of the Rhine. This unprecedented feat by the way, likely will prove one of the far-reaching victories of the war—the equivalent of a major land operation by a great army.

Still, the Aleutians are important, if mysterious. Were the Japs allowed to retain their hold on these westernmost islands of the group, the day might come when America would have to pay heavily for it. Mind you, I think it's possible to exaggerate the importance of the present Nipponese position there, but you know the old tale about little acorns growing into mighty oaks. The Nips are dangerous wherever they get a foothold. Here's the way the situation frames up:

**250 Rainy Days Yearly**

The Japanese last June occupied Attu—the island for which our invading force is now reported to be fighting fiercely—and Kiska, which lies some 180 miles to the south-east. These little volcanic knobs, which poke their hard heads up out of the northern Pacific, are on the western end of the Aleutians, which sweep out from the Alaskan peninsula in a curve like Halley's comet, fifteen hundred miles long.

Now most of the Aleutians are of small use to man or beast. They don't even grow trees, but confine their activities to producing some of the filthiest weather the world knows. Fog exists the year around; gales constantly lash them; it rains 250 days in the year.

**Landing Hazardous**

They are volcanic rock, and in some of them the volcanoes still smoke and fume. To make it unanimous, some of the tiny islands constantly disappear and reappear, like odds and ends out of a sleight-of-hand man's hat. Most of the Aleutians rise sharply out of the sea, making landings hazardous in the extreme.

However, part of the islands are susceptible to development as submarine and air bases. The most important, of course, is Unalaska, which lies next to the Alaskan peninsula. That's where our Dutch harbor is, and the island has vital defenses for the protection of the approaches to that part of the American continent.

The islands held by the Japs are on the other end of this tail of islands. Kiska is the best of the lot, for this has spaces which can be developed as air-fields. Attu also could be used for emergency airplane landings after a lot of work in preparing the ground.

**May Develop Bases**

The Japanese objective in occupying these islands probably was mainly defensive. Attu and Kiska are in the path of shipping and airplanes, and if developed as bases could be used to hamper any operations we might undertake against Japanese territory on Alaska, or try to symie our sea and air communications with Russia.

Of course, these defensive bases also might be used against the Alaskan mainland or even northwestern United States, if the Japs were permitted to develop sufficient strength. Certainly it's a potential menace which couldn't be overlooked.

One would assume that when we have reclaimed these westernmost islands we will develop them as bases. They would be valuable in defense, and they would be fine stepping stones both for our operations against the Japs and for communications with Russia. Attu, by the way, is only about 700 odd miles from the important Jap base of Paramushiro, just south of Kamchatka.

**PRICE PANELS**

(Continued From Page 1)

They find that the complaint is caused by a misunderstanding they will meet with the merchant and instruct him in the proper methods of establishing prices. If they find a willful violation of the price marking and ceiling regulations they will refer the matter to OPA headquarters at Harrisburg for investigation and prosecution, it was stated.

Minor complaints on the price regulations will be handled by an employee of the rationing boards who will devote full time to the work, it was said.

Announcement was also made of the resignation of Mrs. Clarence Lawyer, Littlestown, from the New Oxford board because of the pressure of farm duties. Mrs. A. E. Chronister, Littlestown, was appointed to fill Mrs. Lawyer's place.

MAY BE SEVERAL COMMANDERS IN INVASION PLAN

By WILLIAM FRYE

Washington, May 18 (AP)—The Allied invasion of Europe may be directed not by a single supreme commander but by several commanders, each having his own sphere of operations.

Speculation over the appointment of an Allied commander, authorities here pointed out today, generally presupposes a great drive, whereas the strategy actually to be followed may turn out to be a multiple attack.

Assuming a single all-out smash the names figuring most prominently in speculation are those of three full generals, one British and two American—Sir Harold R. L. G. Alexander, Dwight D. Eisenhower and George C. Marshall.

**Enlarged Commands**

If, however, multiple invasion is the plan, it is regarded as unlikely that Marshall would give up his present post as chief of staff to take over a task force doing only a part of the job.

The same situation does not hold for either Alexander or Eisenhower. In each case, command of one prong of a multiple and coordinated assault on Europe would be an enlarged command, involving greater numbers of troops and more diverse problems than the north African campaign.

If, for instance, the high command has decided to hit Europe simultaneously along all four of the most frequently mentioned possibilities—the Balkans, Italy, the English channel, and Norway—Eisenhower would seem to be a logical man to command the Italian thrust.

100 Couples At USO Dance Saturday

Approximately 100 couples attended the USO dance held Saturday night at the college gymnasium for members of the 55th college training detachment and soldiers on leave in the county.

The dance was under the supervision of a committee from the Woman's club of Gettysburg, headed by Mrs. Austin Lange, assisted by a committee from the American Legion Auxiliary with Mrs. J. E. Codori as chairman. The Auxiliary committee will be in full charge of a similar dance May 29 at the gymnasium, it was announced.

Mrs. Robert Fortenbaugh, chairman of the USO committee under which the various club committees work, stated today that "Bill" Jones orchestra had been secured for the dance May 29.

512 Pupils Take H. S. Entrance Test

Five hundred and twelve eighth grade students from all of the Adams county schools took the high school entrance examinations held in the county's high schools and at Lincoln school here, Saturday.

The number was only four less than the total eligible for the test. Two absentees were reported from York Springs and one each from Littlestown and Lincoln school.

The number of students who completed the examination at the various schools was: Arendtsville, 46; Biglerville, 59; East Berlin, 44; Fairfield, 62; Littlestown, 115; New Oxford, 88; York Springs, 42; and Lincoln School, 56.

# St. Louis Drops First Game To Brooklyn 1-0; Phillies Lace Chicago 8-4

## CARDINALS AND DODGERS SEEM TO BE ON PAR

By JUDSON BAILEY  
(AP) Sports Writer

A microscope still is standard equipment for National league fans trying to find any difference in strength between the Brooklyn Dodgers and the St. Louis Cardinals.

These two rivals for the pennant in the senior circuit collided at Ebbets Field yesterday for the first time this season and the Dodgers won by the least possible margin 1 to 0.

This was good enough to chase the Cardinals into third place and make it impossible for them to gain the league lead during their stay in Brooklyn, but it failed to indicate any clear cut superiority for the long grind ahead.

### Walker Scores

The twilight tussle, opening a four-game series, was decided on a run in the second inning. Dixie Walker led off with a double, the only extra base blow of the game. He advanced to third on an infield out and Alex Kampouris walked. Then Pitcher Rube Melton rapped a perfect double play grounder to Third Baseman Jimmy Brown, but Kampouris banged into Lou Klein at second hard enough to break up the throw to first and Walker scored.

The Cardinals completed three other double plays, though, with Brown starting all of them, to make the hurling of Lefty Howie Pollet almost match the five-hit shutout style of Melton. The Redbirds' dazzling defense pulled Pollet out of a hole with the bases loaded in the first, again with the sacks filled and none out in the third and smothered another threat in the sixth.

It was the first victory for Melton and the first defeat for Pollet, who allowed seven hits and four walks.

### Reds Nip Giants

Only two other games, both in the National league, were played yesterday. The Cincinnati Reds squeezed back into the first division by beating the New York Giants 3-1. Ray Starr gave an effective eight-hit pitching performance for the Reds and also singled with the bases loaded for two of their counters in a three-run second inning that decided the game.

At Philadelphia the surprising Phillies conquered the last place Chicago Cubs 8-4 to extend the Bruins' losing streak to six games.

John Podgajny, long a Cub nucleus, held them well in check after a wobbly first inning. His bad start was offset by the Phillies' scoring five runs in the first frame. Danny Littwhiler collected his fourth homer of the spring in the second.

## Lively Ball Aids Chartak's Spree

St. Louis, May 18 (AP)—Introduced into the American league only a fortnight ago, the livelier baseball brought with it a new—and also livelier—edition of Mike Chartak. St. Louis Brown's right fielder.

The six-footer, currently cleanup hitter for the Browns, collected 10 blisters in 23 trips to the plate, beginning May 9, the day the new ball was tossed into play.

This barrage boosted his slyph-like .225 average as of May 9 to a lusty .303 as of today, a 78-point hop. Victims of Chartak's latest hitting were the New York Yankees who once had Mike and let him go.

## FOOTBALL TO SEE BIG BOOM AFTER THE WAR

By ARDEN SKIDMORE

Pittsburgh, May 18 (AP)—Clark Shaughnessy, soft-spoken "T" formation stylist who hopes to put the roar back into Pitt's Panthers, predicted today that college football would enjoy the greatest boom in the history of the game after the war.

"Those boys are going to have a lot of steam to get rid of when they return, and football is the first they'll turn to for rough-and-tumble competition," said the former Chicago, Stanford and Maryland coach as he laid the groundwork for Pitt's spring (beg pardon, summer) drills beginning June 28. He added:

"The state of physical fitness of our modern armies is so high—and in such enormous quantities—it's difficult to picture just how big this boom will be. But it'll dwarf anything we experienced after the last war."

### Faculty Welcome

Turning to the more immediate outlook, Shaughnessy said, "The game, of course, will be strictly second fiddle to the war," but he added, "Pitt, I know is going to play. After all, the public can't fret and worry about the war 24 hours a day. There's got to be some diversion."

He said the task of the coaches was to make the boys physically fit. "Who wins, doesn't matter," he remarked.

The bulk of this year's squads, Shaughnessy predicted, will come from 17-year-olds and deferred students, including 4-F's.

"Pitt," he said, "will welcome anybody, even the faculty, to come out. We don't care if they've never seen a football before."

What kind of a team will the Panthers have?

"I don't know. We're just living from day to day."

## LITTLESTOWN DOWNS BARLOW

Scoring a run in the last half of the final inning, Littlestown defeated the Barlow All-Stars in a baseball game played Sunday at Littlestown 3-2 before a large crowd.

Glenn Harner, of the U. S. Marines, former regular first baseman for Barlow, held down his old post. He is on furlough at his home.

## Biglerville Cards Seven Grid Games

Seven games have been scheduled so far for the Biglerville High school football team of next fall. Several other games are expected to be arranged.

The schedule so far includes: September 30, Juniata Joint High of Mifflintown, home; October 7, Enola; home; October 16, Red Lion, away; October 23, West York, away; October 29, Lower Paxton, away; November 4, Delone Catholic High of McSherrystown, home, and November 13, Camp Hill, away. It is expected that Washington Township will be played September 17 or 24 and several other tilts may be arranged.

Meanwhile, grading and other work on the athletic field is being completed and the track is being changed. When the project is completed the school will have a football field, a track, a baseball diamond, and a practice football field. A portable lighting system will be used for home football games, but after the war, it is expected, a permanent lighting system will be installed.

## Strike Hitch In "Babe" Phelps Sale

deal by which Catcher Gordon (Babe) Phelps was sold by the Pittsburgh Pirates to Philadelphia ran into a hitch with the announcement of Judge Kenesaw Mountain Landis that Phelps cannot play until 60 days after he signed his contract with the Phillies.

Phelps had been placed by the Pirates on the voluntarily retired list when he did not sign within 10 days after the start of the season. Landis said major league regulations made a 60-day suspension compulsory.

If the deal is satisfactory at the end of the 60 days, it can be consummated.

## WILMINGTON HOLDS LEAD

(By The Associated Press)

A flock of runs in the ninth inning left Wilmington at the top of the Interstate league today while a flock of errors left Lancaster on the bottom.

The Blue Rocks, scoring six times on a home run, two singles three walks and an error, came from behind to trim Allentown, 8 to 5, last night as their three-game series opened in the Pennsylvania city.

Six errors contributed heavily to Lancaster's 7 to 3 downfall on its home diamond to York, the Red Roses' sixth loss in seven starts.

Trenton's four - game winning streak was cut short by Hagerstown, which took sole possession of second place in the standing in a 5 to 3 decision, George Daddario tripling in the ninth with two on.

## FOXHOLES BEST WHEN JAPS ARE STRAFING CAMP

An Advanced Aleutians Base, May 18 (AP)—Army men under fire soon learn there is no point trying to win the war by standing up to a strafing Japanese plane and making faces at it.

The troops at this Pacific outpost know from experience it is better to save themselves for their own jobs and let the AA crews and the Air Force take care of low-flying enemy aircraft.

They hope the boys in the training camps at home take the sergeant seriously when in practice he yells, "hit the dust." After undergoing several months of air raids, they have formed definite opinions on the subject.

"Funny place, a fox hole," mused Corp. W. C. Rudemacher, Alameda, Calif., "but it seems like heaven in an air raid. Just ask the man who owns one."

### Jap Trick

Pvt. Harold E. Hoffman, Moundsville, W. Va., was more succinct. He said: "They came. I saw. I hunted a fox hole."

"If by any chance this may get back to any soldiers who are in the states—when the sergeant says 'hit the dust,' hit it, and hit it hard," advised PFC Ross E. Jenesse, Wheeling, W. Va.

"Here is my little experience," he continued by way of illustration.

## Only Two Per Cent Of Wounds Fatal

Ardmore, Pa., May 18 (AP)—Only two per cent of the wounds suffered by United States soldiers in north Africa have proved fatal, says Lieut. Col. Clifford H. Arnold of the Army Medical Corp.

Arnold, brother of Gen. Henry H. Arnold, chief of the Army Air Forces, said in a talk at a service flag-raising that new methods of treatment, including use of blood banks, kept the death rate down.

"We were taken by surprise when the bombs began to drop. All at once and Jap plane left a trail of smoke, leading us to think that he was hit. We all stood up to see the finish. All at once we were looking that Jap plane right in the face with all of his guns open."

### Interrupted Meals

"We took over. There were two men hit. I turned my head just in time to see one of them go down, never to open his eyes again. The hole in him was big enough for a helmet."

Pvt. William C. Frame, Wheeling, W. Va., recalled a raid in which his buddies "were standing up watching as though they were at a Rose Bowl game."

"Suddenly the Zero started to strafe the gun behind us," he said. "The bullets were kicking up dirt all around us. Not 25 feet from me one of the men from my outfit was hit with one of those Jap 20-mm bullets and what a ghastly sight to see."

PFC George R. Rentz, Jonesboro, Ark., was disturbed most because the Japs upset his eating.

## A.A.U. To Watch Young Boxers

Philadelphia, May 18 (AP)—The Middle Atlantic A. A. U. wants to make certain that amateur boxers in the New 16-17 age group meet opponents of their own age group and experience.

The association's boxing committee was made sole matchmaker for the new group at a meeting last night and it was disclosed that the association will keep a file of the weight, victories and defeats of each youth, with matches to be arranged at least 70 hours before fight time.

## MEAT PATTIES WITH ALL-BRAN MAKE MEAT GO FURTHER

Are you looking for ways to "stretch the meat supply"? Then try this wonderful recipe for All-Bran Meat Patties! They are made with famous KELLOGG'S ALL-BRAN—which adds a delicious crunchiness to the dish with all the valuable vitamins, minerals, proteins and carbohydrates ordinarily found in ALL-BRAN.

### Kellogg's All-Bran Meat Patties

1 egg 1 tablespoon  
2 teaspoons salt 1 chopped parsley  
1/4 teaspoon pepper 1 cup milk  
3 tablespoons 1/4 cup catsup  
minced onion 1 cup Kellogg's All-Bran

1 pound ground beef  
Beat egg slightly, add salt, pepper, onion, parsley, milk, catsup and All-Bran. Let soak until meat of moisture is taken up. Add beef and mix thoroughly. Shape into 12 patties. Bake in hot oven (450° F.) about 30 minutes or broil about 20 minutes. Yield: 6 servings (12 2 1/2 inch patties).

## A Doctor Friend tipped us off to this one

He came in one day and noticed the tires lined up for recapping.

"Looks like my waiting room," he said, "only those are tires."

We couldn't help but come back and say, "Well, after all, doc, we're tire doctors, too. We've spent our whole business life keeping tires well and replacing those that pass on. Incidentally, that's something you *can't* do, doc!"

"Okch," he said, "but since you're tire doctors, why don't you follow my system and make appointments for recaps?"

So that's why we have that appointment coupon at the bottom of this ad. When your tires need recapping you won't have to waste valuable time waiting to be served or use extra gas making trips to our store if you will send in this coupon. We'll be able to schedule the work and give you overnight recap service. (No recapping certificate is necessary now.)

All our recapping is done right in our own shop, on our own modern equipment, by skilled mechanics.

Yes, sir, when we recap your tires you are assured of dependable extra mileage.

An Evening Thought

Applause waits on success; the fickle multitude, like the light straw that floats along the stream, glides with the current still, and follows fortune.—Franklin.

Just Folks

By Edgar A. Guest

HOME HAZARDS

The hazards of the home are these: A knife with sharp edge pointed out.

Small obstacles that no one sees.  
The toys the children leave about.  
A piece of soap on floor and stair.  
Torn rugs which trip unwary feet.  
The home, statistics all declare.  
Is far more dangerous than the street.

Against the hazards when we roam.  
Are signs which warn us to beware.

But all turn careless, when at home.  
By thinking surely safety's there.  
Through spaces dark we boldly go.  
Disaster swift and dire to meet.  
Though this, by now, we ought to know:  
The home's more dangerous than the street.

The hazards of the road we fear.  
The hazards of the home we scorn.  
We're careful when the signs are clear  
But heedless when there's none to warn.

We've marked the curves where danger waits  
Lest proper caution be forgot.  
But once beyond the family gates  
At home we're all a careless lot.

Today's Talk

By George Matthew Adams

SHARING WITH OTHERS

I know of no one who has ever discovered happiness by living to himself alone. We can only be happy by sharing it with others. And when we do this that happiness is enriched to us.

I was interested in reading of the many fine things said about a man who recently died in upper Michigan. His name was Edward A. Hamar of Chassell. And this is one of the tributes paid to this useful citizen: "He planted a garden beside the road that all who passed by might enjoy with him the beauty of flowers."

The disappointment of him, or her, who plants a garden anywhere must be very great if no one else is invited to admire and love it, or who does not note its beauty upon seeing it. Upon my yearly summer visit to my small island home in Nova Scotia, when I was privileged to use my car, I never failed to stop and visit with my old friend Colonel Raymond, whose home I passed a few miles out from Yarmouth. And now that he is gone, I think of the joy and pleasure that he took in showing his matchless garden to all who came. He made everyone who saw it feel that it belonged to him.

After all, none of us is the real, or permanent owner of anything of beauty. It belongs to all who love and appreciate it. We are but caretakers and overseers.

A few years ago I visited a magnificent home on the Gulf coast. The owner was a most lovable and understanding human being. He was very wealthy and had built this home apparently for others as much as for himself, for all through its beautiful arrangements was something appealingly attractive that you felt was created to make guests and friends at home there. I remarked this thought to my friend and he promptly said: "Mr. Adams, this is your home as well as mine, any time you wish to come here and enjoy it." Unfortunately, I have never taken advantage of this kind offer, but I am sure that my friend meant what he said. He was a lover of beauty and it thrilled him to see others share it with him. It was the poet Lowell who said: "The gift without the giver is bare." In like manner, he who creates, or enjoys, anything of worth or beauty does so fully only when he can share it with others. If happiness has any secret, this is it.

Tomorrow Mr. Adams will talk on the subject: "Survival of Mind."

Out Of The Past  
From the Files of the  
Star and Sentinel and  
The Gettysburg Times

FIFTY YEARS AGO

Adams County Recognized: Last week Secretary of Agriculture Morton called for the resignation of R. H. Thomas, of Mechanicsburg, as statistical agent of the State for the Agricultural Department. He named as his successor S. S. Neely, Esq., of Gettysburg. Mr. Neely was an applicant for the deputy collectorship and this appointment was given him to simplify the situation. The salary is \$800 and the duties are not considered onerous. Mr. Neely will have to buy a farm and join the Patrons of Husbandry or Alliance, attend the picnics at Mt. Gretna and Williams Grove and prepare talks on agricultural subjects for such occasions. This, we know, he will be able to do in a graceful and entertaining way.

Accident: On Monday, Roy, six-year old son of Powers Pittenturf, sustained a compound fracture of the right arm above the elbow. Dr. Stewart was called in.

Marriages: Cleaver-Smith, May 7, by Rev. L. E. Crumbling. Absolom Cleaver, of Reading township, to Miss Sarah Smith, of York county.

Weaver-Harner—May 4, at Littlestown, by Rev. T. J. Crotty. Vincent J. Weaver to Miss Cora Harner, both of Germany township.

Personal Mention: The following gentlemen will represent the several lodges of this county at the Grand Lodge of IOOF, which met at Reading on Monday: Gettys Lodge No. 124, R. D. Armor, York Springs No. 211, John P. Peters; Montana, No. 653, W. P. Becker; Fairfield, No. 740, Peter F. Harbaugh, Union Encampment, No. 126, Geo. F. Young.

At the Epworth League Convention, which met in Carlisle last week, Mrs. P. S. Strawinski, formerly of this place, gave an interesting Bible talk, and Miss Magdalen Keith was recording secretary.

Miss Stedman, of Asheville, N. C., is the guest of Miss Roberta A. Wolf.

Rev. E. G. Hay, of Pottsville, visited his parents here last week.

The Washington correspondent of the Harrisburg Telegraph describes Mr. S. S. Neely's new position as "one of the softest snaps in the way of a sinecure of moderate emoluments which can be found on Uncle Sam's long roll of patronage for the rank and file of political parties."

Mr. Paxton Smoot and wife, of Seattle, Washington, are visiting Mr. S's sister, Mrs. M. A. Garvin. Mr. Samuel R. Andrews is up from Washington.

The Rev. C. F. Gephart, who for almost three years has been the efficient pastor of the Idaville Lutheran charge, will leave on Wednesday for Lavansville, Somerset county, to become pastor of the church there.

D. Webster Baker, formerly principal of our public schools, has been appointed mail clerk between New York and Philadelphia.

Mrs. S. S. B. Ramey and children, of Ramey, are visiting her sister, Mrs. Sallie Cox.

Justice F. D. Blocher returned on Saturday from a business trip to Ohio. While absent he visited the World's Fair.

Mr. and Mrs. Bert McCreary, of Washington City, have been on a visit to his brother, Mervin McCreary.

The Rev. L. B. Wolf, of this place, who has been in India for five years as a missionary, has landed at New York with his family and is expected to arrive in Gettysburg this evening.

C. B. Tate is representing the local tribe of Red Men at the State Convention, which meets in Sunbury.

Mrs. Headington and son, of Baltimore, are the guests of her aunts, the Misses Crawford.

James Hersh, Esq., has rented for the summer months the brick house on the Springs avenue, and is moving in.

Local Miscellany: Harry Tawney and Martin Hamilton on Monday morning caught six German carp in Rock creek near the Harrisburg road, ranging in length from nineteen inches down to twelve.

Howard L. Wright, of Bendersville, is the new storekeeper of the South Mountain iron and mining company at Pine Grove Furnace.

Jacob Kitzmiller's exhibition of war views in the Post Room on Thursday, was highly entertaining.

Improvements: Mr. Collins' new cigar factory on the N. E. corner of Steinwehr avenue, is almost ready for occupancy.

Mrs. Kerler is making a general repair of her dwelling on Carlisle street, and will add a large bay window on the north side to enlarge her dining room.

Mr. McCavitt has newly-painted the front of the Central Hotel.

Mr. Amos W. Newman intends building a \$3,000 house for his own occupancy on the lot which he recently bought for \$275 from Hon. Edward McPherson, on the N. W. corner of Stevens and Stratton streets.

Mrs. Schmucker is repairing the front of her house on Chambersburg street.

The owner of the Montfort property, corner of Carlisle and Stevens streets, is putting on a slate roof.

Senate Debate On War Strategy Admitted As "Feeler"

SIGNS POINT  
TO NEW DRIVE  
AGAINST JAPS

By JOHN H. WIGGINS

Washington, May 18 (AP)—An idea that a Senatorial appeal to "Beat Japan First" may have been suggested during conferences with United States military leaders was expressed on Capitol Hill today in the wake of a three-hour Senate row over diverting American military might to the Pacific.

Senator Chandler (D-Ky.), who started the wrangle with warnings that if Germany is beaten first the United States may count on little or no help from Britain or Russia to whip the Japanese, acknowledged himself that he was "encouraged to make the speech."

The Kentucky declined to say from what source the encouragement came but he expressed belief that a decision may be forthcoming soon from the Roosevelt-Churchill war conferences pointing to a powerful American offensive against Japan.

"One Clear Day"

The President was disclosed last night to have told Premier Stalin of Russia that it is "reasonable to expect further successes on both the eastern and western fronts," and to have expressed a hope to Generalissimo Chiang Kai-Shek that Allied forces will take the initiative against Japan in Asia "in the near future."

Those developments allowed a Navy report of new American submarine successes in the Pacific, and indications that the Attu island phase of the battle toward driving the Japanese out of the Aleutians may be proceeding toward a swift cleanup.

The Navy told of the destruction of six Japanese ships, including a destroyer, by American subs in the Pacific, and while the only official comment on the Attu battle was that it is "continuing," it was said authoritatively that "one day of clear weather is all we need."

House Committee  
Rebuffed At Phila.

Philadelphia, May 18 (AP)—A group of House Republicans, denied the use of a federal building court room, went back to Washington today after hearing nearly a dozen witnesses complain against various aspects of food rationing.

The 11 members of the Food Investigating committee named last week by Rep. Joseph Martin, House Republican leader, met in a hotel after Postmaster Joseph P. Gallagher refused permission for them to use the government building and posted guards at the court room doors.

Rep. Hugh D. Scott, Jr., of Philadelphia, said Gallagher, custodian of the building, told him the committee, which had been granted permission by U. S. District Judge George A. Welsh to use the room, was barred because it was "unofficial and partisan."

"This is how the Nazis do it," Scott declared, adding that he would ask a congressional investigation of the postmaster's action.

State Clinic For  
Venereal Diseases

Harrisburg, May 18 (AP)—A state clinic for isolation of women suffering from venereal diseases is planned by the state health department at Lancaster, Dr. J. Moore Campbell, chief of the communicable disease bureau, announced.

Dr. Campbell told a Harrisburg social hygiene institute yesterday the clinic, to open next month, will accommodate 75 patients at the start but ultimately will care for 150.

Would Send Lawyers  
Into Machine Shops

Philadelphia, May 18 (AP)—This city's lawyers would spend as much time at the machinists' bench as they do at the court room kind, if Municipal Court Judge Leopold C. Glass had his way.

He proposed at an attorney's meeting called by the War Manpower Commission that courts sit in the morning only so that lawyers could spend four hours at war work in the afternoon.

CAN MEET CRISIS

Pittsburgh, May 18 (AP)—Americans face a great challenge in the future, "but they can meet it as well as their forefathers did," Dean James M. Landis, director of the Office of Civilian Defense, told 8,000 gathered here for "I am an American Day" ceremonies Sunday.

STEWED PIGEONS

Glassboro, N. J. (AP)—Pigeons may be stewed in more ways than one, reports Edward Johnson, president of the borough council. Several birds picked up after careening into chimneys and the sides of houses smelled strongly of liquor, he said.

Police investigated a suggestion that they had been feeding on mash from a secret still.

ONE SLICE OF PIE—\$70

Richmond, Cal. (AP)—The cost of food has really sky-rocketed for William Ashe.

He ate a piece of pie, strolled over to the cashier's counter and pulled out a \$71 roll of bills. Peeling off one dollar, he tossed the rest away and carefully put his paper napkin into his pocket.

He discovered the error when he tried to deposit the napkin at his bank.

HOME REMEDY

Denver (AP)—Joyce Mobley, 13, had a cold and feared she couldn't take her part in the school play.

Her father, trying to cheer her up, tickled her ribs.

Giggling and squirming, she kicked one foot through a window and was taken to a hospital with leg lacerations.

Contractor Acquitted  
Of Fraud Charges

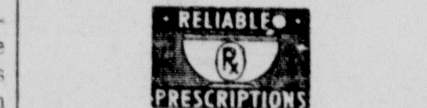

Philadelphia, May 18 (AP)—A U. S. district court jury deliberated 15 minutes before acquitting Charles P. Rohleder, Philadelphia contractor, and three associates of conspiracy to defraud the government through faked competitive bids on \$300,000 worth of material in rehabilitating Cramp's shipyard for war work two years ago.

Those acquitted with Rohleder at the end of a three-week trial, during which shipyard officials testified in agreement with the contractor's defense that the government lost "not a penny" through the work, were James R. Baldrige and Allen McLane Ward, purchasing agents for Rohleder, and Joseph P. Rainey, an electrical contractor.

TRUCE RENEWAL  
AVERTS STRIKE  
BY COAL MINERS

Washington, May 18 (AP)—The soft coal walkout scheduled for midnight has been averted by renewal of the truce until the end of the month.

As a deadline drew near for a work stoppage that threatened to cripple the nation's coal output, John L. Lewis, president of the United Mine Workers, answered the appeal of Fuel Co-Ordinator Ickes by requesting the miners to continue work under the existing retroactive extension agreement until midnight, May 31.

Postponement of the coal crisis for another fortnight brought signs that a strong rivalry has sprung up over who should settle the wage dispute.

Reportedly ready to negotiate between the United Mine Workers and the operators was Interior Secretary Ickes, to whom—in his capacity as Fuels Administrator and boss of the government-operated mines—UMW President John L. Lewis wired that the two weeks' truce which would have ended at midnight tonight would be extended until May 31.

However, the War Labor board which yesterday charged Lewis with challenging the sovereignty of the United States in wartime and giving aid and comfort to the enemy, left no doubt that it still considered itself the only "agency of the government" authorized to handle the case.

From highly-placed sources came reports that Ickes had prepared a formula which he believed would be acceptable to both sides, and was ready to propose it, providing the board would let him step in. But the board was said to be sticking to the stand expressed by Wayne Morse, a public representative, who said "the operation of the mines under the custody of the Department of the Interior, through its chief, Mr. Ickes, does not have any bearing upon the dispute."

May Cut B And C  
Gasoline Rations

Harrisburg, May 18 (AP)—The first of some 600 owners of automobiles found parked outside amusement places recently were summoned today for questioning at OPA offices in Harrisburg, Lancaster, Lebanon and York.

Charles J. Ware, OPA chief enforcement attorney in the Harrisburg district, said if interviews with B and C rationing coupon holders develop that they are getting more gasoline than they need, their allowances will be reduced.

PLENTY OF FOOD  
FOR DELEGATES

Hot Springs, Va., May 18 (AP)—There is enough food here for the food conference.

Rationing, hotel officials said, will be no particular problem when the delegates of 43 nations assemble for the United Nations parley opening today.

What the delegates and their clerical assistants—about 500 persons in all—will eat is indicated in the dinner menu for tonight.

It offers fresh seafood cocktail or half grapefruit with cherries, cream of corn soup or chicken broth with rice, and a choice of fillet of lemon sole with butter, braised sweetbreads with mushrooms, broiled chopped sirloin steak barbequed, or roast baby chick, vegetables, stewed tomatoes, creamed or fried potatoes, Salad, hearts of lettuce. Dessert, blackberry pie, petits fours or peach ice cream. Coffee.

SENATOR'S COUSIN DIES

Irwin, Pa., May 18 (AP)—Mrs. Margaret Guffey Cummings, postmistress here since 1935 and a cousin of U. S. Senator James P. Guffey, died Sunday. A son, Lt. Samuel Cummings, Jr., Great Lakes, Ill., survives.

Tired Kidneys  
Often Bring  
Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatism, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headache and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## PCBL COUNCIL

(Continued From Page 1)

an appropriate song. She told first of Andrew Mickley, only member of the Father Corby council to die during the first World War.

Mrs. Zita Ramer Faber attended the first convention, Mrs. Culp said. Mrs. Faber was presented with a quart of beer decorated with pretzels.

Mrs. Noel Flynn, daughter of Mr. and Mrs. C. E. Swisher, the "first baby" of the council was presented with a tiny baby blanket while Mrs. Myers sang a lullaby.

Miss Mary Ramer was presented with a gift. The Chanters sang "Silver Moon," for Mr. and Mrs. Edgar Hamilton who were married while Mr. Hamilton was organizing the Queen of Peace council.

Mrs. Wilbur J. Stallsmith, "first bride," was presented with a corsage.

## Honor Oldest Member

Among the charitable activities of the council reported by Mrs. Culp was the furnishing of a room at the local hospital for which the council agreed to purchase furniture whenever needed. A convent fund was started by the Council.

Contributions to and work done for the Red Cross, Civic Nurse and Fire company were also outlined. Father Stock was presented with a carton of cigarettes for his assistance to the council since coming here in 1921.

The chanters sang "For Your Friends Are My Friends," in commemorating the social activities of the group. The chanters also sang "Down South," from a minstrel show held by the council in 1940 when it was host to the state convention.

The group has had nineteen presidents since its establishment of whom 13 are still living. Mrs. Annie Cunningham was presented with a corsage as the "oldest and most active member."

## Other Speakers

The songs "Over There" and "We're Marching on to Victory" concluded the "Broadcast from the PCBL network." Miss Mary Claire Myers, youngest member of the PCBL here presented a piano solo "Espana" followed by an encore "Clare de Lune" by Debussy.

Besides Mr. Kasel and Father Stock other speakers included Mrs. Lucy Smiley Heimenz, Charles Edwards Swisher, Charles Stock, and James Trappnell, grand vice president of the PCBL.

The invocation was pronounced by the Rev. Father Stock while the Rev. Norbert Sukowski gave the benediction. The program closed with the hymn "Holy God We Praise Thy Name."

The list of officers in 1918 when the council was organized was announced as Miss Emma Frommyer (now Mrs. W. J. Stallsmith), president; Mrs. Charles Cook, vice president; Miss Zita Ramer Mrs. Fred Faber) chancellor.

## AXIS LEADERS TO ANSWER FOR CRIMES; KNOX

Boston, May 18 (AP)—Addressing Hitler and Tojo by name, Navy Secretary Frank Knox vowed last night that the Axis leaders and those who gladly became their accessories would be held to a strict accounting for their "bloody crimes."

The secretary at the same time brushed aside "phony peace offensives," declared the outer bastions of the enemy have been broken down and said "the hour in which we shall strike at his main fortifications, both in Europe and Asia, draws near."

"To you, Hitler and Tojo—and to those others who have gladly worked your brutal will—I say that we have kept a record, a long, long record of your crimes in Europe and Asia," Knox told a meeting of the Massachusetts committee of the Conference of Christians and Jews. \*\*\*

"Your Bloody Crimes"

"I think I speak for the outraged peoples of the world, and in no spirit of vengeance, when I say to you who are guilty that there will be a strict accounting for your bloody crimes against the philosophy of charity and humanity which is the basis of every great religion."

"Phony peace offensives will only cause us to take greater heart. You will not obtain by diplomatic duplicity what you have been unable to achieve by brute force. For us, there can be no plainer words than 'unconditional surrender.'"

State Jaycees

Install Officers

Harrisburg, May 18 (AP)—Paul S. Miller, Philadelphia, was installed as president of the Pennsylvania Junior Chamber of Commerce at concluding convention sessions here.

Other newly inducted officers are: Carl Snyder, Reading, first vice president; John Peifer, Jr., Lancaster, second vice president; Elman Dunn, Waynesboro, third vice president; Austin K. Howard, Wilkes-Barre, fourth vice president; Richard H. Ziegler, Red Lion, treasurer; and Robert R. Wertz, Pittsburgh, national director.

Few Employables

Get State Relief

Harrisburg, May 18 (AP)—Samuel Y. Ramage, secretary of public assistance, reports Pennsylvania relief rolls virtually clear of persons physically able to work.

Noting a 292 drop in the case load during the first week of May—to a new total of 166,680—Ramage said a recent survey disclosed "there are no employable persons now on the rolls who are not handicapped in some manner." He asserted the few considered employable to any degree were hampered "by such factors as age, race, illiteracy, language difficulties, lack of experience or physical disabilities."

REEDER PROMOTED

Fort Monmouth, N. J., May 18 (AP)—Promotion of Col. William O. Reeder, a native of Butler, Pa., to brigadier general, has been confirmed by the senate, it was announced by the public relations office at Fort Monmouth, where Gen. Reeder heads the signal corps eastern school.

ASSURED OF JOBS

Camp Campbell, Ky., May 18 (AP)—Five hundred Pennsylvanians stationed here were assured by Pennsylvania's Governor Edward Martin, before he left for Harrisburg, Pa., Sunday, that their home state's program of reconvertng war plants to civilian industry would provide jobs after the war for service men.

## Blot 'Em Out

Washington, May 18 (AP)—Prime Minister Winston Churchill has informed Generalissimo Chiang Kai-Shek that "the day will come when we shall rejoice x x x at feats of arms of the United Nations which will surely drive the Japanese invader from the soil of China."

The British leader was replying to a message of congratulation from the Chinese generalissimo on the Allied victory in Africa.

His words served to underscore indications that he and President Roosevelt, in their war strategy conferences here, might be plotting new, massive blows at Japan.

At the same time, Churchill released a message from General Dwight D. Eisenhower, Allied commander in chief in North Africa, giving "my assurance that this army will continue to pound until Hitlerism has been exterminated from the earth."

SCRAP FROM WRECKAGE

Philadelphia, May 18 (AP)—Wrecking of nine buildings of the John B. Stetson Co. plant here in the near future will produce 4,000 tons of scrap metal, largest amount from any demolition in the Philadelphia region and nearly enough to build 300 medium tanks, the regional war labor board announced.

GET 19 PLANES

Allied Headquarters in Australia, May 18 (AP)—Three Pennsylvania flyers are credited with destroying a total of 19 Japanese planes in combat. The score: Capt. Thomas Lynch of Catawauqua, nine; and First Lieutenants William Day, Jr., of Red Lion and Richard Suehr of Grafton, five each.

BROTHERS WOUNDED

Johnston, Pa., May 18 (AP)—Two Johnston brothers, both sergeants in North Africa, both suffered wounds the same day, their parents were informed. Sgt. Clarence Kielman was first injured, and Sgt. William Kielman, Jr., suffered injuries after rescuing Clarence from a foxhole.

CIVIL WAR WIDOW DIES

Pittsburgh, May 18 (AP)—Mrs. Jennie Hutchinson, 96, reportedly the oldest widow of a Civil War veteran in western Pennsylvania, was buried Sunday. She died Thursday.

## HIGHWAY TO HER HEART

by MAXINE SHORE

## Chapter 12

Eyes blurring, Penny rose and stumbled over for her first-aid kit. The Red Cross course she'd taken in New York would prove useful. Quickly, she found Cleve's handkerchief and applied a tourniquet.

Cleve stirred. "Thanks, Penny." Her tears spattered on his face. "Nothing to worry about," Cleve said. "I hope that's so, Cleve."

"Bill's going to be mighty proud of his little sister," Cleve said, trying to suppress a groan. "All right, got, go ahead and put on the bandage. That guy can wait. But next time—"

What he'd do next time was reflected in the hard, purposeful expression on his face. As for Penny, she hoped there'd never be another meeting. Let the Royal Canadian Mounted Police track Stringer down.

The feeling kept recurring that this series of events culminating in Cleve's injury had been all her fault. If only she'd been sensible and listened to Powell's advice. If only she and Cleve were back at Bard's Stopping Place at Hudson's Hope.

Wolf raised his sharp muzzle and looked inquiringly into her face. Penny fought to restrain her tears. Suddenly Cleve was sitting up and his good arm drew her close.

"We'll make out all right," he soothed her. "You've got what it takes to help us pull through."

"Oh, Cleve," she said brokenly. "I mean it," he said. "Things look tough now. Trouble has been sort of gangling up on us. But it can't go on forever."

"But you're in no condition to travel," Penny pointed out dismally.

"Nuts," said Cleve. "It's only a flesh wound. Nothing serious at all. I tell you, I just won't have the use of that arm for a day or two."

Cleve's courage impressed Penny. If he had the faith and strength to struggle ahead, certainly she could do her part. It would mean she must carry a heavier shoulder-pack. They must get the medicines and supplies through to Bill somehow. But she felt equal to it.

She said, "You're sure you're strong enough, Cleve?"

"Absolutely."

"We'll have a good night's rest," Penny said, "then go on. I'll have breakfast ready when you awake."

One thing she hadn't told him—that Bert Stringer had cleared out, taking with him the films she was certain belonged to Bill. That news, important as it was, would have to wait. To say anything now would only make Cleve restless and excited. He'd want to start after Stringer immediately.

Penny had only been half aware of Bert Stringer's departure. Shortly after he shot Cleve he'd frantically gathered up his effects and disappeared into the woods.

Penny, working over Cleve, had paid little attention. Her excitement and anxiety for Cleve, the pressing need for first-aid had centered her thoughts on the immediate job at hand.

Stringer had fled—a thief, a ruthless assailant, taking the films with him. But Penny was glad of one thing: she knew now where the films were. The Royal Canadian Mounted Police patrolled this region and would set out after him. If only there were some way to get word to them.

Penny was up most of the long night, for Cleve was restless. He moaned and talked in his sleep. Then he would awaken and want a drink of water. From her own place by the fire, she could overhear him groping around, muttering, trying to strike a match.

"There's some pain," Cleve would admit. "But I think it's easing off a bit. Go back to sleep, tot—you need your rest. Don't mind me."

"I'm your nurse," Penny insisted staunchly. "I have to look after you, Cleve."

"You've been fine to me. But you need rest."

Twice Penny walked down to the spring through the moonlight, a little apprehensive of the darker shadows among the trees. She trembled involuntarily, too, when, from the mysterious depths of the forest beyond, came the howling of a wolf or coyote.

Upon her return, Cleve was grateful for the ice-cold drink, for the cooling cloth Penny pressed over his aching forehead.

One he said, "Why do some men have all the luck, Penny?"

"What do you mean?"

"I was thinking of Powell."

## To Get Hearing On Ejection Order

Philadelphia, May 18 (AP)—Mrs. Olga Schueller, 53, German-born American citizen and mother of a U. S. Navy seaman, gets a hearing next Monday on her appeal from an Army order directing her to leave the Eastern Defense Command.

len Ganey said when he set the hearing date yesterday that he wanted to find out whether Mrs. Schueller, who operates a restaurant, had been informed of the charges against her when she was called before a military board last December.

"This is very close to what I would call a star-chamber hearing such as we have been reading about in Europe," he commented.

## Debate Rise In Fuel Oil Prices

Washington, May 18 (AP)—Rep. Bradley (D-Pa.) "hopes" the Office of Price Administration will not permit "any increase in the price of crude oil that might necessitate an increase in the price of fuel oil to the domestic consumer."

Telling the House that the domestic fuel oil price had increased 50 per cent in the past four or five years, Bradley declared, "there have been so many tears shed for the oil producer that it is only proper that there be something in the record on behalf of the oil consumer."

Rep. Patman (D-Tex.) replied that a price increase was a question of winning the war, not of "putting money in people's pockets."

## Must Re-educate Japs After War

Harrisburg, May 18 (AP)—The Japanese people must be given a long-range re-educational program after the war, delegates to a state-wide Hi-Y convention were told by Mrs. Robert Spencer of Harrisburg, who was born in Japan.

She said fear of losing influence and prestige were responsible for Japan's war program. Dr. Gordon Poterat, Chester, former professor at the University of Shanghai, asserted Allied aid to the Chinese forces should be increased.

## WHITE-COLLAR WORKERS WILL HELP FARMERS

By RALPH E. WALLIS

Harrisburg, May 18 (AP)—City folks trading business suits for overalls—on a part time basis—may solve Pennsylvania's farm labor problem.

Miles Horst, state secretary of agriculture, said urban residents willing to work on farms when not busy on regular jobs offer the most practical way "to lick this farm labor shortage."

The plan, supervised by the newly-organized Pennsylvania emergency farm labor commission, involves calling on townspeople to help out during the busy harvest seasons.

"Everyone has to eat so why shouldn't everyone help produce the food?" Horst asked. "We can't rely on filling labor needs from unemployed ranks any more for everyone is working but if people in the cities and towns gave a few hours a day we'd have the solution."

### Have Federal Funds

As chairman of the farm commission, Horst explained sub-groups are being organized in counties to carry on a recruiting program.

Although the 1943 Legislature killed a bill which would have appropriated funds to finance this program, Horst asserted the state will not be handicapped since "we are getting a share of a \$6,000,000 federal appropriation to carry on this work."

In another development designed to aid farmers, the state war board of the U. S. Department of Agriculture released more than 20 types of farm machinery from county quota limits.

Chairman James E. Walker explained that while prospective buyers still must obtain purchase certificates, manufacturers will be able to ship unrestricted quantities of the machinery covered into any county.

## '43 CAMPAIGN ISSUES FORM

Harrisburg, May 18 (AP)—A sharp clash between chiefs of rival Pennsylvania political parties Monday brought the record of the recent General Assembly session to the front as an issue in the 1943 municipal election campaign.

Democratic Chairman David L. Lawrence opening the Allegheny county campaign, said the Legislature "weltered in indecision, neglect and inaction," and that "the strong stomachs of professional Republican apologists rebel" at its record.

Retaliating quickly, GOP Head M. Harvey Taylor charged a two-week filibuster by the Democratic assembly minority "was a deliberate stall-the-works program dictated and directed by Boss' Lawrence with the same selfish and indifference that has characterized all Democratic strategy in years past."

Taylor declared in a statement the filibuster was "conceived in hate and malice," and that "it is plain that the Democratic chairman and his petulant errand boys are still putting because they couldn't whip-saw and juggle the 1943 Legislature as they did during the calamitous reign of the former Democratic Governor George E. Earle regime."

## OPA Eases Meat Rules For Farmers

Washington, May 18 (AP)—The Office of Price Administration eased its meat rationing regulations Saturday as they apply to farm consumption of home-produced livestock.

Under the new regulations, a farmer having his cattle slaughtered and dressed will not have to surrender ration points for the meat. Heretofore, custom slaughtered meat required ration stamps. Livestock killed and dressed on the farm was exempt.

A farmer now may consume meat raised on any farm he owns or operates, and may transfer meat from one farm to another to provide food for members of the household without giving up ration points.

The "city farmer," however, still must pay with red stamps. If he consumes meat away from the farm he owns, he must surrender stamps, but he need not pay himself cash for his own meat.

## Pope Not Seeking "Peace At Any Price"

New York, May 18 (AP)—The Vatican radio said in a German-language broadcast Saturday that Pope Pius XII longed for peace, "but not peace at any price," and declared that the statement at the end of the present war must give every man "his freedom and personality, his rights and religion."

The broadcast, recorded here by the Office of War Information, quoted the Pontiff as declaring that he hoped the present war would not lead to the destruction of any nation, and expressing desire that the peace "would not become the starting point for further wars."

The petard, used centuries ago to blow up bridges and palisades, was the forerunner of the modern land mine.

## Winning Peace Is Big Goal; Wickard

Waynesburg, Pa., May 18 (AP)—Finding the means of eliminating fear and want and establishing the guarantees of the basic human rights—freedom of speech and freedom of worship—are the fundamental obligations in working for permanent world peace, Secretary of Agriculture Claude R. Wickard told the graduating class at Waynesburg college.

"The ultimate goal without which there can be no victory is to win the peace," the cabinet member said in his address to the 52 graduating students and to more than 2,000 others who attended the commencement ceremonies here Sunday afternoon.

Secretary Wickard and J. Buell Snyder of Fayette county, congressman from Greene, Fayette and Somerset counties, received honorary degrees from Dr. Paul R. Stewart, president of the college, who also conferred the degrees on the 52 graduating students.

## REPORTS RIFE IN ITALIAN CRISIS; INVASION PERIL

Bern, May 18 (AP)—Italy's grave position in an Allied-controlled Mediterranean was being hammered home to her people today as a part of Premier Mussolini's redoubled efforts to tighten his defenses, reports reaching neutral Switzerland said.

At the same time the situation confronting Mussolini gave rise to a flood of rumors concerning the internal situation in Italy, the most sensational of which was a report by the Morocco radio that King Vittorio Emanuele would abdicate in favor of Crown Prince Umberto. These reports were without any confirmation, however, and telephone calls later in the night by neutral journalists gave no indication of any unusual situation.

### Nazis Deserting Her

(Other unconfirmed reports included an assertion by the Dakar radio that the Italian cabinet had resigned, and a Moscow broadcast that more than 300,000 people had fled from southern Italy to Rome within the past two weeks in hopes that Rome would not be bombed.)

The Swiss newspaper Die Nation, commenting on Italy's defense preparations, said that Italy does not expect further help from Germany in case of an invasion, since Germany's own preparations to beat off an invasion attempt are demanding her full attention, and because Swiss neutrality would bar the use of railways through Switzerland for military preparations.

### Fleet Vulnerable

(Two London dailies went further—declaring that Hitler is preparing to withdraw his troops through Brenner Pass and leave Italy to the mercy of the Allies. The German Gestapo and army officers have returned already, and there are unmistakable signs that the army will follow shortly, the newspapers said.)

Mussolini's realistic attitude toward the Tunisian defeat—apparently designed to bolster Italian morale for a last-ditch invasion stand—has been accompanied by further party purges and a tightening of his control.

Italy's fleet is still said to be potent, with six or eight battleships, heavy and light cruisers and 50 to 60 destroyers. But it would be highly vulnerable to air attack by superior Allied forces based on North Africa or on Sicily and Sardinia should those island outposts be overrun.

## "Run" On Banks' Deposit Boxes

Pittsburgh, May 18 (AP)—Bankers don't anticipate such a thing as rationing, but there has been a "run" on safety deposit boxes recently comparable to the "runs" that nearly cleaned out grocery store shelves of some items and brought rationing restrictions.

The reason, they say, is continued purchases of war bonds by western Pennsylvanians, and the need of the average citizen for a safe place for keeping such valuables.

Banks in Pittsburgh report from 70 to 98 per cent of their safety deposit boxes now in use—more than double usual rentals in some cases. In some towns outside Pittsburgh bankers report all vault capacity rented, with waiting lists for boxes which may become available.

While storage of war bonds is given as the prime reason for the unprecedented use of safety deposit boxes, departing soldiers also are renting many of them for storing valuable papers while in the armed services.

### SET HIGH RECORDS

Pittsburgh, May 18 (AP)—Four more production records were added last month to the 1,500 previously marked up since Pearl Harbor by Carnegie-Illinois Steel corporation mills, it was announced. One of the new marks was hung up by a Clairton blast furnace crew, which the month previous had smashed a 27-year record.

## FIRE KILLS FOUR AND TRAIN, TWO, OVER WEEK-END

(By The Associated Press)

At least eight Pennsylvanians—including a mother and three of her seven children—died in a fire and three accidents over the week-end, while a three-year-old girl apparently escaped by inches the wheels of a freight locomotive.

Mrs. Martha Blanchard, her daughters Charlotte, two, and Lois, six, and a son Arthur, 10, turned to death when a fire and explosion, believed to have started from kerosene spilled by the boy, set fire to their farm kitchen five miles from Muncy.

A Mt. Carmel woman, Mrs. Julia McGrath, 26, and her daughter, Naomi, two, were killed when a Pennsylvania railroad train ran them down as they walked along the tracks at Paxinos.

Coroner Sidney Galloway said another daughter, three-year-old Kathleen, apparently lay between the rails, escaping with superficial injuries, while the locomotive and 14 loaded coal cars passed above her.

### Trapped In Mine

A 10-mile dash through west Philadelphia, with a motor bandit patrol car closely pursuing, ended in death for Joseph C. Hartley, 20, when the automobile in which he was riding—said by police to have been stolen—crashed into a stone wall.

On the O'Neil highway, near Scranton, a man identified as William Joseph Mozelewski, 23, of Throop, Pa., was killed when an automobile struck him.

Meanwhile, efforts continued to reach Anthony Sebastianelli, 48, of Jessup, Pa., trapped Saturday morning in a roof fall at the Deangelis Coal company at South Carbondale. Two others previously were extricated.

The body of Axel Olsen, 67, who had been missing since April 4, was found Sunday in the Susquehanna river near Danville. His son, Norman, said his father apparently fell into the river accidentally.

## HOUSE FACES BUSIEST WEEK

Washington, May 18 (AP)—What may shape up as the busiest week the House has had since Pearl Harbor got under way Monday with a fight between Congress and two government agencies.

House leaders, building their program around Wednesday's scheduled address by Prime Minister Churchill, hoped to obtain action on a \$30,000,000 appropriation for the Navy, a \$72,000,000 supply bill for the Interior department, a pay-as-you-go tax measure, and a highly-controversial labor curb proposal.

A relatively minor deficiency appropriation bill on which debate started last Friday developed into a row between the House and heads of the Interior department and the Federal Communications commission.

The Appropriations committee has pending before the House an amendment to prevent use of any funds in the bill, or in any other appropriation measure, for payment of the salaries or expenses of William E. Dodd, Jr., and Dr. Goodwin B. Watson, FCC employees, and Robert Morris Lovett, Interior department official serving as government secretary of the Virgin Islands.

## State Men In Raid Over Holland Area

At a U. S. Bomber Station in Britain, May 18 (AP)—At least two Pennsylvanians took part last week in the first appearance of American medium bombers in the European theater.

Commenting on the low-level raids Technical Sergeant Ray Niederer, radio operator from Fryburg, Pa., said the bombs hit their target at Courtrai, Holland, smashing the center of an airfield.

Sgt. M. Brown of Brownsville, Pa., radio gunner in the fortress leading the formation, said they met about 25 enemy fighters "but they didn't bother us much; they concentrated on the formation of Liberators behind us." He said he saw two Liberators shot down over the target area.

### "NICE WELCOME"

A U. S. Army Base in England, May 18 (AP)—A nice welcome Tech. Sgt. Michael Roskovich of Fayette City, Pa., received when he landed after his 25th air raid over the continent: His Eighth Air Force buddies stripped him and painted a large "25" on his back.
